"Reseña del editor A position a day keeps the love doctor away  
A follow-up to the wildly successful Position of the Day from the  
editors of Nerve.com: yes, yes, YES! It seems that readers do, in  
fact, want to have sex every day of the year. Picking up where its  
outrageously successful predecessor, um, got off is Position of  
the Day Playbook, featuring 366 erotic couplings packed into  
one chunky, inspiring, and hilarious compendium. Following the  
publication of Position of the Day, Nerve was bombarded with  
reader comments: Do any of the positions work better with  
equipment say, a six-pack and a helmet? And, hey, do I still  
need to go to the gym if I'm regularly having sex upside down  
with my head on a chair and my feet wrapped around my lover's  
neck? Nerve has tried to address these concerns and others in  
this latest edition. A team of nimble, limber, and extremely  
attractive volunteers selflessly ventured to the laboratory for  
months of research and the results of those experiments are  
now available! \* Each sexual position comes with an estimated  
caloric expenditure (for each person involved), a list of possible  
side effects (leg cramp, lawsuit), and equipment  
recommendations (hanging bar, stethoscope, cowboy hat) \*  
Includes a follow-up section for comments and rating boxes for  
the reader to fill out \* Nerve.com has been publishing  
provocative essays and photography, stimulating reporting, and  
side-splitting commentary on a daily basis since 1997. Described  
by Entertainment Weekly as ""Playboy's body with the New  
Yorker's brain,"" Nerve has won numerous awards, including a  
Forbes ""Best of the Web"" selection in 2004 This book is a fun  
way to keep things exciting and put the spice and adventure  
back into your relationship. With 366 positions of varying  
degrees of difficulty for every day of the year - including leap

year! \* Great bachelorette and Valentine's Day gift \* All at once informational and humorous \* Publisher's note: Should parties find themselves stuck in one of the positions, they are advised to contact 911 immediately and neither Chronicle Books nor Nerve directly Biografía del autor Nerve.com has been publishing provocative essays and photography, stimulating reporting, and side-splitting commentary on a daily basis since 1997. Described by Entertainment Weekly as ""Playboy's body with the New Yorker's brain"".
